Journal of Genetic Psychology, 148(4), 533–537

Index to Volume 148

This annual index is organized by first author and title page. Page numbers refer to the following issues:

Number 1 (March): Pages 1 through 136
Number 2 (June): Pages 137 through 254
Number 3 (September): Pages 255 through 398
Number 4 (December): Pages 399 through 542

AUTHOR INDEX

Barnett, M. A. *Children's perceptions of others' motives for helping in same- and opposite-sex dyads,* 253–254.

Barnett, M. A., Thompson, M. A., & Schroff, J. *Reasons for not helping,* 489–498.

Bart, W. M., Kamal, A., & Lane, J. F. *Development of proportional reasoning in Qatar,* 95–103, 404.

Bentley, A. M. *Swazi children's understanding of time concepts: A Piagetian study,* 443–453.

Biringen, Z. C. *Infant attention to facial expressions and facial motion,* 127–133.

Blevins-Knabe, B. *Development of the ability to insert into a series,* 427–442.

Blevins-Knabe, B. *Remembering and constructing an order,* 469–478.

Brook, J. S., Gordon, A. S., & Brook, D. W. *Fathers and daughters: Their relationship and personality characteristics associated with the daughter's smoking behavior,* 31–44.

Buss, R. R., Coon, R. C., & Williford, E. B. *When is a word a word: The development of word knowledge,* 271–278.

Canavan, P., Kraemer, D., Brannigan, G. G., & Hijikata, S. *Torque as a predictor of reading achievement,* 349–356.

Carson, D. K., Wagner, B. S., & Schultz, N.W. *Temperament and gender: Correlates of toddler social competence,* 289–302.

Chambers, J. H., & Ascione, F. R. *The effects of prosocial and aggressive videogames on children's donating and helping,* 499–505.

Cohen, H. G. *A longitudinal study of the development of spatial conceptual ability,* 71–78.

Coyne, A. C., Burger, M. C., Berry, J. M., & Botwinick, J. *Adult age, information processing, and partial report performance,* 219–224.

Dreyer, A. S., Dreyer, C. A., & Davis, J. E. *Individuality and mutuality in the language of families of field-dependent and field-independent children,* 105–117.

Elrod, M. M. *Children's understanding of indirect requests,* 63–70.

Fähndrich, D., & Schneider, K. *Emotional reactions of preschool children while exploring and playing with a novel object,* 209–217.

Feldt, R. C., & Witte, K. L. *Metamemorial knowledge of good and poor readers: A developmental perspective,* 415–426.

Fu, V. R., Goodwin, M. P., Sporakowki, M. J., & Hinkle, D. E. *Children's thinking about family characteristics and parent attributes,* 153–166.

Galejs, I., King, A., & Hegland, S. M. *Antecedents of achievement motivation in preschool children,* 333–348.

Ganong, L. H., & Coleman, M. *Stepchildren's perceptions of their parents,* 5–17.

Ganong, L. H., & Coleman, M. *Sex, sex roles, and familial love,* 45–52.

Glatt, C. T. *Reciprocal interweaving: A contribution to the understanding of adult development,* 365–374.

Gottfried, N. W., Seay, B. M., & Wismar, K. *Neonatal sex and birth-order effects on behaviors of mothers and temporary caretakers during bottle-feeding,* 479–487.

Jamison, W., & Signorella, M. L. *Relations of masculinity and femininity in self-concept to spatial performance in adolescents,* 249–251.

Kingma, J. *Training of seriation in young kindergarteners,* 167–181.

Liddell, C., & Collis, G. M. *Second order effects: Number or nature of companions?,* 237–247.

McFadden, G. T., Dufresne, A., & Kobasigawa, A. *Young children's knowledge of balance scale problems,* 79–94.

Morissey, C., & Hannah, T. E. *Measurement of psychological hardiness in adolescents,* 393–395.

Nelson-Le Gall, S. A. *Necessary and unnecessary help-seeking in children,* 53–62.

Paguio, L. P., Robinson, B. E., Skeen, P., & Deal, J. E. *Relationships between fathers' and mothers' socialization practices and children's locus of control in Brazil, the Philippines, and the United States,* 303–313.

Prentice, N. M., & Gordon, D. A. *Santa Claus and the Tooth Fairy for the Jewish child and parent,* 139–151.

Pruitt, D. L., Farrell, A. D., & Erickson, M. T. *A multidimensional scaling analysis of reinforcer preference in elementary school children,* 197–207.

Ramsey, P. G. *Possession episodes in young children's social interactions,* 315–325.

Roy, L., & Roy, S. *Does the theory of logical types inform a theory of communication?,* 519–526.

Runco, M. A., & Bahleda, M. D. *Birth-order and divergent thinking,* 119–125.

Rush, M. C., Panek, P. E., Russell, J. E. A. *Cautiousness and visual selective attention performance among older adults,* 225–235.

Shing, M., & Winer, G. A. *Developmental trends in physiognomic perception,* 527–528.

Singer, M. S. *A developmental study of children's comprehension of negation in complex sentences involving clauses,* 189–196.

Singer, M. S., Stacey, B. G., & Ritchie, G. *Causal attributions for unemployment, perceived consequences of unemployment, and perceptions of employment prospects for youth among university students in New Zealand,* 507–517.

Small, M. A., Raney, J. F., & Knapp, T. J. *Complex reaction time and general intelligence: A refinement,* 405–414.

Staats, S. *Hope: Expected positive affect in an adult sample,* 357–364.

Stamps, L. E., & Clark, C. L. C. *Relationships between the Type A behavior pattern and intelligence in children,* 529–531.

Thomas, J. H., Due, K. M., & Wigger, D. M. *Effects of the competence and sex of peer models on children's imitative behavior,* 325–332.

Walsh, A., Beyer, J. A., & Petee,

T. A. *Violent delinquency: An examination of psychopathic typologies,* 385–392.

Walters, L. H., Walters, J., & McKenry, P. C. *Differentiation of girls at risk of early pregnancy from the general population of adolescents,* 19–29.

Wavering, M. J., Kelsey, L. J., & Perry, B. *Order of attainment of the mental structures for five of Piaget's logical, infralogical, and formal tasks,* 279–288.

Webley, P. *The relationship between physical and social reasoning,* 375–384.

Westman, A. S. *Development of time concepts: Differentiating clock and calendar from apparent durations,* 259–270.

Wiehe, V. R. *Locus of control in foster and nonfoster children,* 183–187.

Williams, S. M. *Differences in academic performance at school depending on handedness: Matter for neuropathology?,* 469–478.

TITLE INDEX

Adult age, information processing, and partial report performance. *Andrew C. Coyne, Mary C. Burger, Jane M. Berry, & Jack Botwinick.* 219–224.

Antecedents of achievement motivation in preschool children. *Irma Galejs, Albert King, & Susan M. Hegland.* 333–348.

Birth-order and divergent thinking. *Mark A. Runco, & Michael D. Bahleda.* 119–125.

Causal attributions for unemployment, perceived consequences of unemployment, and perceptions of employment prospects for youth among university students in New Zealand. *Ming S. Singer, Barrie G. Stacey, & Garth Ritchie.* 507–517.

Cautiousness and visual selective attention performance among older adults. *Michael C. Rush, Paul E. Panek, & Joyce E. A. Russell.* 225–235.

Children's perceptions of others' motives for helping in same- and opposite-sex dyads. *Mark A. Barnett.* 253–254.

Children's thinking about family characteristics and parent attributes. *Victoria R. Fu, Megan P. Goodwin, Michael J. Sporakowki, & Dennis E. Hinkle.* 153–166.

Children's understanding of indirect requests. *Mimi Milner Elrod.* 63–70.

Complex reaction time and general intelligence: A refinement. *Mark A. Small, J. F. Raney, & Terry J. Knapp.* 405–414.

A developmental study of children's comprehension of negation in complex sentences involving clauses. *Ming S. Singer.* 189–196.

The development of proportional reasoning in Qatar. *William M. Bart, Abdulaziz Kamal, & John F. Lane.* 95–103, 404.

Development of the ability to insert into a series. *Belinda Blevins-Knabe.* 427–441.

Development of time concepts: Differentiating clock and calendar from apparent durations. *Alida Spaans Westman.* 259–270.

Developmental trends in physiognomic perception. *Marn-Ling Shing & Gerald A. Winer.* 527–528.

Differences in academic performance at school depending on handedness: Matter for neuropathology? *Stephen M. Williams.* 473–482.

Differentiation of girls at risk of early pregnancy from the general population of adolescents. *Lynda Henley Walters, James Walters, Patrick C. McKenry.* 19–29.

Does the theory of logical types inform a theory of communication? *Leena Roy & Suby Roy.* 519–526.

The effects of prosocial and aggressive videogames on children's donating

and helping. *John H. Chambers & Frank R. Ascione.* 499–505.
Effects of the competence and sex of peer models on children's imitative behavior. *James H. Thomas, Kathleen M. Due, & Diane M. Wigger.* 325–332.
Emotional reactions of preschool children while exploring and playing with a novel object. *Doris Fähndrich & Klaus Schneider.* 209–217.
Fathers and daughters: Their relationship and personality characteristics associated with the daughter's smoking behavior. *Judith S. Brook, Ann Scovell Gordon, & David W. Brook.* 31–44.
Hope: Expected positive affect in an adult sample. *Sara Staats.* 357–364.
Individuality and mutuality in the language of families of field-dependent and field-independent children. *Albert S. Dreyer, Cecily A. Dreyer, & Jack E. Davis.* 105–117.
Infant attention to facial expressions and facial motion. *Zeynep C. Biringen.* 127–133.
Locus of control in foster and nonfoster children. *Vernon R. Wiehe.* 183–187.
A longitudinal study of the development of spatial conceptual ability. *Herbert G. Cohen.* 71–78.
Measurement of psychological hardiness in adolescents. *Craig Morrissey & T. Edward Hannah.* 393–395.
Metamemorial knowledge of good and poor readers: A developmental perspective. *Ronald C. Feldt & Kenneth L. White.* 415–426.
A multidimensional scaling analysis of reinforcer preference in elementary school children. *Doyle L. Pruitt, Albert D. Farrell, Marilyn T. Erickson.* 197–207.
Necessary and unnecessary help-seeking in children. *Sharon A. Nelson-Le Gall.* 53–62.
Neonatal sex and birth-order effects on behaviors of mothers and temporary caretakers during bottle-feeding. *Nathan W. Gottfried, Bill M. Seay, & Keith Wismar.* 479–487.
Order of attainment of the mental structures for five of Piaget's logical, infralogical, and formal tasks. *Michael J. Wavering, Linda J. Kelsey, & Bruce Perry.* 279–288.
Possession episodes in young children's social interactions. *Patricia G. Ramsey.* 315–325.
Reasons for not helping. *Mark A. Barnett, Mark A. Thompson, & Jane Schroff.* 489–498.
Reciprocal interweaving: A contribution to the understanding of adult development. *Charles T. Glatt.* 365–374.
Relations of masculinity and femininity in self-concept to spatial performance in adolescents. *Wesley Jamison & Margaret L. Signorella.* 249–251.
The relationship between physical and social reasoning in adolescents. *Paul Webley.* 375–384.
Relationship between fathers' and mothers' socialization practices and children's locus of control in Brazil, the Philippines, and the United States. *Ligaya Palang Paguio, Bryan E. Robinsion, Patsy Skeen, & James E. Deal.* 303–313.
Relationships between the Type A behavior pattern and intelligence in children. *Leighton E. Stamps & C. Lillee Coleman Clark.* 529–531.
Remembering and constructing an order. *Belinda Blevins-Knabe.* 469–478.
Santa Claus and the Tooth Fairy for the Jewish child and parent. *Norman M. Prentice & David A. Gordon.* 139–151.
Second order effects: Number or nature of companions? *Christine Liddell & Glyn M. Collis.* 237–247.
Sex, sex roles, and familial love. *Lawrence H. Ganong & Marilyn Coleman.* 45–52.
Stepchildren's perceptions of their parents. *Lawrence H. Ganong & Marilyn M. Coleman.* 5–17.
Swazi children's understanding of time

concepts: A Piagetian study. *Alastair M. Bentley.* 443–453.
Temperament and gender: Correlates of toddler social competence. *David K. Carson, Betty S. Wagner, & Ned W. Schultz.* 289–302.
Torque as a predictor of reading achievement. *Patrick Canavan, Diane Kraemer, Gary G. Brannigan, & Susan Hijikata.* 349–356.
Training of seriation in young kindergarteners. *Johannes Kingma.* 167–181.
Violent delinquency: An examination of psychopathic typologies. *Anthony Walsh, J. Arthur Beyer, & Thomas A. Petee.* 385–392.
When is a word a word: The development of word knowledge. *Ray R. Buss, Robert C. Coon, & Elizabeth B. Williford.* 271–278.
Young children's knowledge of balance scale problems. *Gerald T. McFadden, Annette Dufresne, & Akira Kobasigawa.* 79–94.
